

History

Since 1973, John Cooper has been working in the custom cabinetry industry. As owner of Cooper Wood Specialties, John saw a need for handcrafted options for simpler, more natural and greener burial products. He is now expanding his custom woodworking expertise to include Simple Way Coffins.

Simple Way Coffins is a wholesale company, dealing directly with those in the bereavement industry.

Simple Way Coffins

The Process

Simple Way Coffins are hand-crafted from select 5/4" Cypress wood, using Titebond™ III exterior wood glue. Specially designed locking joints are used as well as mortise and tenon joints with wood dowels. Optional hand-cut dovetail joints are also available.

Amish craftsmen build coffins to our exact specifications, maintaining high quality standards.

Interior Lining
